██████████ visited on 21 January and we discussed revisions in the ██████████ draft in the light of ██████████ Staff comments. We agreed that we would concentrate on the general comments while ██████████ would work on bringing the ██████████ into line with those of ██████████ ██████████ suggestions that warranted acceptance.

██████████ dropped in on 27 January to request clearance for sending some material from the ██████████ Course to his prospective new duty station. Having previously met ██████████ in legend, we were happy to meet him in person. We spent about an hour exchanging amenities, reminiscences and opinions on the world situation, and he promised to return for a tour of our domain.

4. SPEECH BY AMBASSADOR GORDON:

[REDACTED] called a few days ago to recommend the procurement of a copy of a very fine lecture on Brazil presented by Ambassador Gordon to the National War College. Ambassador Gordon had indicated to him that the tape of the lecture could be made available. This afforded an opportunity to put into two-way operation our recently established liaison with [REDACTED], chief of the NWC instructor staff, who gave me the name of a person on his staff with whom to keep in touch regarding transcription of the lecture tape.
